

# Step #6

## Setting Channel Favorites

Long Hold OK (large middle white) button while in guide during current programming..Note: a subtle blue line runs through guide to show current time within channel guide.

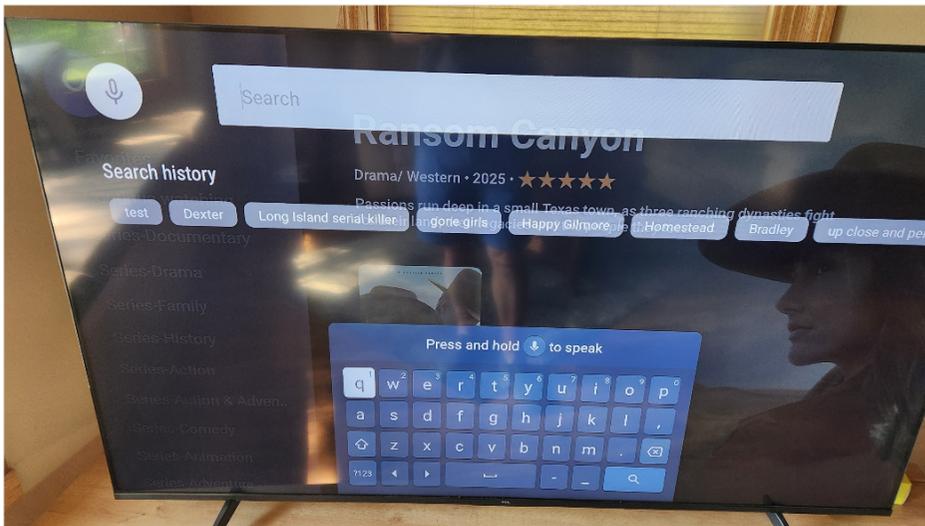

Find "master" favorite for all sources above sources in far left colum.

# Using Voice Control To Search Movies and Series

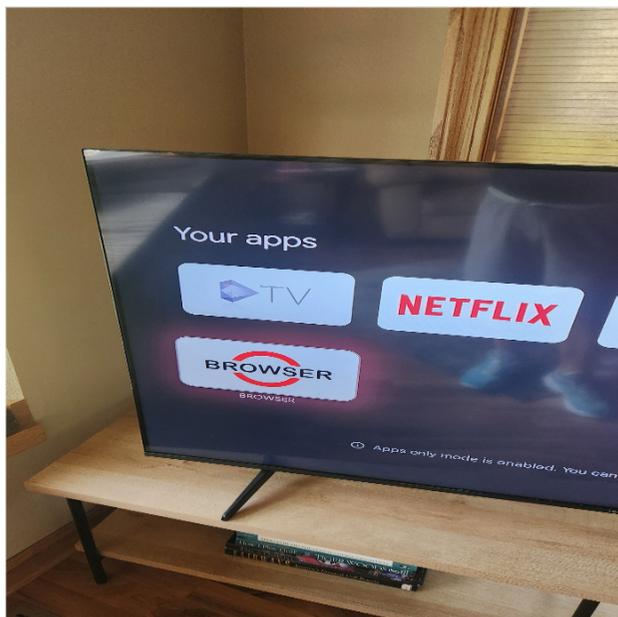

In movie or series column, go to blue search glass at top of categories

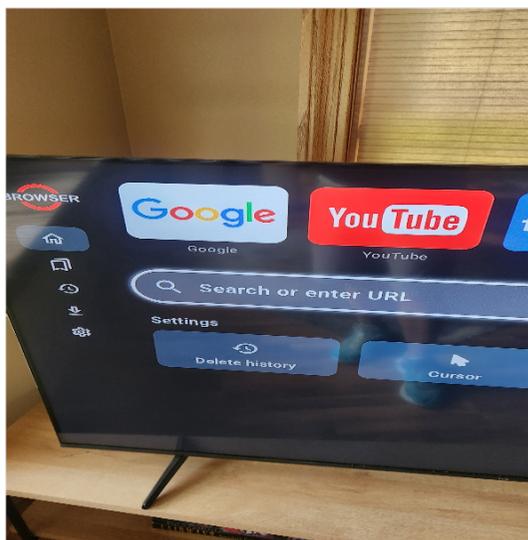

Move into search box and when cursor flashes in box and keyboard appears hold down voice button on remote and speak.

## Connecting to internet via website (common at hotels)

Select Browser app per above.

Follow hotel instructions and type address into Search or enter URL box
